An actual pm sent to another member:

Hi there \*\*\*\*\*, im a producer, and looking for a new friend to trade with. if you have stuff to trade add me on Torchat, or we can change files through PM here, i prefer Torchat.

*Above is an example of what I DONT want here at Dreamboard.*

*If you send pm's like that to my members, I may delete you instantly, or give you a very severe warning NOT to do that again.*

*If we dont post on the board, dreamboard dies.*

*And I sure as FUCK will not run a glorified pm service.*

*And remember, It FUCKS over most of the members here, which is YOU guys.*

-----

*You FUCK me over like that, and you may get deleted, so take it seriously.*

*And no, I dont monitor your pm's. It would be wrong, and I dont even have the time.*

*And I will not allow, dreamboard to have that feature. (to read your messages)*

*I have these messages forwarded to me by angry dreamboard members, approached to trade privately.*

*And thats actually faster and more accurate then reading pm's myself.*

*As its you guys, keeping dreamboard free of this shit, by telling me yourselves.*

*When you help me, YOU win👍*

*In time, great VIP's become 'Super VIP'.  
We have a Super VIP section, for Super VIP posts.  
Some people think Super VIP's are not posting much?  
Well, you may think that, if you are not Super VIP, and cant see that section.  
This thread is locked for replies.  
Dont pressure me for the upgrade, just work hard, and it will come to you.  
And yes some post alot, and the upgrade takes longer, but I go by, whats new and hasent been posted so much.  
If VIP members are posting old, old material, it takes longer.  
But, the upgrade usually comes to everyone, who has followed every rule on this board perfectly.  
-----  
Bullying me, makes it take longer even still.  
And NEVER ask me for SVIP.  
Dont put for 'Super VIP' in thread titles when you post.  
DONT put 'forSVIP' in passwords.  
If you ask me for SVIP, you may end up never getting SVIP  
-----  
Some people display bad attitudes like reposting etc... and SVIP will never come to them.  
So be honest and helpful, if you want to progress thumbsup.gif

*If you want to post something, and decrease the chance of it getting reposted, then post it, in this section.*

*Only Super VIP's can post and see this section.*

*For a regular VIP, and for a regular member, this section does not even show up. Not even the heading!*

-----

*Reposters are stinking pieces of vile shit, that should be flushed down the toilet. They risk our safety, and have no respect for our hard work.*

-----

*If you indentify a reposter, pm me straight away. And that reposter, will be one dead motherfucker 🤡*

-----

*Aaaaaaaaaaaaaaand.....*

*You just got promoted and you dont want to post, because you discover you dont have anything new or whatever, so you start laying down the bullshit like...*

*A series of family members dying (and I am talking more than 1, or 2, or 3...), followed by car accidents etc.. right after a promotion, so with all the 'new' disasters, you suddenly cant post, and go for the guilt trip angle, so I dont reduce you.....*

*Believe me, if it smells like the worlds biggest line of extreme bullshit, i will reduce you as soon as I read your pm/thread.*

*I am not referring to the people who have had genuine real life problems, Im talking about the ones, who are faking it. I can tell the difference, and I wont always say at first, if I think your lying, but it WILL affect your career. If the lying is super easy to see through, it will be INSTANT reduction.*

*If your 'really' selling it, then I may have a slightly more long term approach to knocking you down.*

*In the long run, its far better, if you are always truthfull with me. Lying could possibly extend an SVIP status in the short term , but it totally fucks your future with me.*

*And I write this now, not because someone has just bull shitted me, but because everytime I feel like writing this, I end up not writing this, THEN some SVIP lies his fucking ass off to me....*

*And now all of you can read, and know, you are not fooling me. I may humor liars for a bit, but I am not buying it, so be aware*

*For SVIPS that have homemade, I can do more for your access to that kind of material on dreamboard*

*If you have videos you made yourself, or pic sets, send me a preview via pm*

*Just previews at first, so If I say 'no' you wont get upset.*

.....

*Fully clothed 5yo girl playing in the park IS NOT going to cut it.*

*Naked 5yo getting touched, and or sex etc.. WILL cut it*

*DO NOT waste my time with non nude bullshit or grannies.*

*Girls with breasts and black bush hair ARE to old.*

*Keep the children 11 or younger.*

*Some of you have no concept of the fact, WE ARE ON A CHILD PORN board!*

.....

*If I give you the go ahead, then upload the material.*

*Standard rules ALWAYS apply in any situation at dreamboard.*

*You must give a preview, and your nick and dreamboard MUST be in pass.*

*The pass rule is more vital than ever in this.*

*As I need to know its YOUR work.*

-----

*Yes, this post is a little 'vague' but its to protect producers.*

*The more info given, the more risk there is.*

-----

*Its come to the point, where i have to say something about this 'access' as rumors and missinformation are getting out of hand.*

*For example, the idea, of some getting a free ride at dreamboard, as most of you cannot see that persons work, and in ignorance, people have assumed that person is not posting.*

-----

*Even If, you post 50 terabytes of hard core, that is NOT your own work, then this thread has NOTHING to do with you.*

*This thread is for producers.*

And if you cannot accept this, you are NOT dreamboard material.  
Every member who is smart should know his place.  
What you post, determines what your entitled to see in return.  
To expect to see better than what you post, is unrealistic.*

*If you are NOT a producer, and you bother me about this subject you will be given 'yellow card status' immediately, just for asking.  
I am that busy, i dont have time to have useless pm's sent to me.

But, if you are thinking of producing and want advice, throw some questions into a thread in SVIP.*

I think we're about the same age. Of course I AM tied down in my own ways.

I'm glad to know that you are moving forward in your life, and at the same time you will be back occasionally.

I once tried to quit, cold turkey, a few years ago, as I thought I had enough material amassed to last a life time. I do, but there is always the thrill of the hunt thumbsup.gif ...and I learned about open wifi, so suddenly I saw no reason to stay away any longer.

If you're moving to another country, might I suggest a shade of gray or blue laugh.gif

May the force be with you, always...

cheers.gif

*Once in a blue moon, some guy becomes SVIP and goes absolutely insane.*

*Yes, its a huge promotion, but does not mean you can say and do anything you want.*

*Like Dinorah, who started calling people dickheads, and idiot, and was totally out of control.*

*And SVIP does not mean, you automatically know more than everyone else on the face of the planet.*

-----

*Even I, have had a few people, have a go at me, when they got promoted to SVIP.*

*Dreamboard does not have some bizzare 'Alpha Male' challenge, for leadership.*

*Like you beat me, and become head admin, or some crazy bullshit like that.*

*You take me on, and you will walk away limping.*

*And you fuck off my good friends, I will delete you.*

*Yes, your SVIP, if its new to you, then first thing you do is chill out, and take some deep breaths, and maybe some prozac etc.. if your the kind of person, who gets excited easily.*

-----

*Have fun, but think about what your doing.*

*Treat others how YOU want to be treated 😊*

*As this section is sensitive material, you must post every now and then to keep access to here.*

*After a period of non posting, your status will drop.*

-----

*And no commercial vids and pics.*

*Absolutely NO, sandra, LS, BD, Vlad, YVM, or all the hard core vids, that have been posted a million times.*

*BUT, if you have hardcore LS, or some private YVM video, etc.. thats NEVER been posted and is very rare, and you dont want it reposted everywhere, then YES post it here.*

*But dont start calling every average video 'super rare' when its not.*

*Post the 'usual' stuff in other sections.*

Gents,

I want to start by saying I'm glad to be here. I'm sure this goes without saying in this section, but this is absolutely private material, only for the people in this section. Please do not repost or share with anyone.

Please enjoy!

First, some "proof" pics:

Now, on to the video, shot in 1080P high def. Sorry for the large file size, but high quality needs large files sizes.

*I download next to nothing these days, as so much is the same old shite rehashed over and over, even the new stuff, looks like old stuff.*

*But as Tod says, this is like modern day baby-j and the girl is HOT. No anal, but she is so young, I get off on it anyway thumbsup.gif*

*tod is not a hm member, so i post it here to keep it private, he said SVIP, but I reckon hm will keep it a bit safer Everything in grey, is HIS writing, word for word, in his pm*

*Take it away Tod you fucking pervert.....*

Here's a little New Years goodie for you and the SVIP group. This needs to be kept private if I/you ever want to see more of this little honey. I don't expect higher access or anything for this, unless you feel it's justified, since I really haven't been posting that much (mainly due to real life issues and a lousy connection here lately). Hope you enjoy!

Todluvr thumbsup.gif

<<<PRIVATE - SVIP ONLY!>>>

5 year old girl and dad. He inspects her little pussy close up to check for any remaining hymen and then plunges a finger in all the way to her cervix. After that he fucks her as deep as she can take it (with her helping and holding her little cunt open). Next comes a nice deep throating scene with him finishing off on her smiling face. Reminiscent of the great old BabyJ series vids. Great sound and good quality! Enjoy!

*catfish, Cixx, Demian, giggog, gonzo, green, Hasness2009, Lien, Mabuhay, rikki, waka, and Ibro and Dasha4ever, of course can view this section*

*I write this hm member list, for anyone who wishes to examine it, and identify anyone who could be a risk in regard to leaking material.*

*Also:*

*Ibro and myself are currently pushing for all members to change their passwords to more complex ones, as even hm members had some very weak passes.*

*First of all, lets have all hm members confirm they have changed their passes in last 2 weeks IN THIS THREAD. If you have already written you have done that, then write it again, its not going to hurt if you write it again that you changed your pass in last 2 weeks.*

*And remember, we are going to check ALL dreamboard members have updated their passes, and those who dont will become validating.*

*I would like to know none of you are not going to end up validating!*

-----

*In regard to the green incident, i believe someone obtained his pass, through a dictionary attack or similar (or when the false frontpage was made, the guy obtained pass), and the guy pretended to have full access to all of dreamboard, when in fact he only had greens account.*

*Alot has happened lately, so there are some possibilities.*

*No one can rule it out, that his account was temporarily compromised*

*Its a guess, but I base that on some things.*

*Like the chap only every approached green, and I havent heard of this chap ever presenting evidence to anyone else.*

*Evidence that this chap could see everything on dreamboard etc..*

*Not so hard to convince green if he could read greens pm's etc..*

-----

*Also there is the possibilty that a hm member really hates Dasha4ever.*

*This is in regard to the 2 pics that were leaked, with 'sample from Dasha' written on them.*

*If anyone can clearly indentify a hm member who really hates dasha4ever, I need to know as soon as possible.*

If anyone can clearly indentify a hm member who really hates dasha4ever, I need to know as soon as possible.*

-----

*And as you all know, dreamboard has NEW redirects, that cannot be altered as easily as the Korean redirects, so that problem is in the past.*

*And Ibro went over dreamboard Script many times lately, and our script seems to be super secure.*

*So, I am looking more closely at this being a member problem.*

*It could be as simple as an account that was compromised, so this is why I need to see all of you confirm you have changed your password in last 2 weeks.*

-----

*The problem of leaks, has caused HUGE tension, and its been very hard for me to keep everything sailing smoothly.  
I am not perfect, and its not easy to handle these problems, when some enemies are so vicious.*

*I have tried very hard to smooth things over with my enemies of the past, and I think all people here should try that as well.*

*if you hate someone and you share to 'get' that person, than everyone loses.  
Like if someone here shared to try incriminate dasha for example.*

*Anytime private material is shared, it makes hm members reluctant to post, then everyone loses.*

*somewhere along the line, someone is NOT understanding this very simple fact.*

*I am not going to keep running this section year after year, with 'leaks' o.k?*

*If leaks continue, drastic changes will occur.*

*i think I have started us, on a more secure path, and of course, any 'good' ideas, will be listened to.*

*i think time to let the new more complex pass system prove its effectiveness is needed.*

*And examination of hm members.*

*And forgiveness for anyone who hates anyone else here.*

-----

*And alot of us, have been very emotional over this.*

*Now we need to be calm, and rational, and stick together*
